

Plants Of The Palomar College Arboretum [PDF Version Of This Page](#)

Wayne P. Armstrong & Tony Rangel, April 2009

Brief Summary Of The Palomar College Arboretum

By 1970, campus horticulturist Bob Kelly had already begun planting trees in an undeveloped area east of campus (near the Perimeter Road). ASG President Brian Hawthorne became interested in this area as the site of a future arboretum. He was impressed with the arboretum of a local university while stationed with the U.S. Coast Guard in New London, Connecticut, and thought this would be a great addition to Palomar College. The Palomar College Arboretum was officially established in 1973, largely through the efforts of Bob Kelly and Brian Hawthorne. The original Arboretum Committee also contained Ben Gill, Tom Stout, Dr. John Schettler, Gene Jackson and myself. Members of the Committee received a Presidential Ecology Award signed by Gerald R. Ford. The Arboretum was approved by the Board of Governors and land was set aside east of the campus. During the past three decades, many plants have been acquired, including original donations from the Huntington Botanical Garden, Los Angeles County Arboretum, San Diego Zoo and San Diego Wild Animal Park. Please refer to Edna Pulver's "History of the Palomar College Arboretum" at the end of this summary.

Plants from all major continents are represented in the Arboretum. Our relatively mild climate and generally frost-free location on a gradual hillside enable many subtropical and tropical species to survive here. The largest families include the legume (Fabaceae), myrtle (Myrtaceae), palm (Arecaceae) and grass (Poaceae) families. The largest genera are Eucalyptus (13), Ficus (12), Pinus (11), Agave (11), Acacia (11), Quercus (9), Phoenix (7), Casuarina (6), Melaleuca (6), Livistona (5), Sabal (5), Phyllostachys (5), Cassia (5) and Erythrina (5). Native countries most frequently represented are Australia, South Africa, China (E. Asia), Japan, Mexico and South America.

If you consider all the plants in the Arboretum (over 350), all the plants on campus (at least 250), all the plants in the Palomar Cactus & Succulent Society Garden (at least 200), and all the plants in the native coastal sage scrub north and east of campus (approximately 200), the total number of different species is nearly 1,000. This is one of the greatest concentrations of plant diversity within a relatively small area in San Diego County, rivaled only by Balboa Park, the Wild Animal Park and Quail Botanical Garden.

The majority of native species in the coastal sage scrub plant community adjacent to the Arboretum are herbaceous wildflowers that appear in profusion following a disturbance, such as clearing or fire. It is imperative in this time of rapid urbanization in the San Marcos area that natural areas of coastal sage scrub are preserved. In addition to valuable study sites for classes in biology, botany and archaeology, this area also provides the ecological niches for a variety of birds, mammals, reptiles and invertebrates.

A [Back To The Alphabetical Index Table](#)

ACERACEAE: MAPLE FAMILY

1. [Acer paxii](#) Evergreen Maple (S.W. China) **M-88**

AGAVACEAE: AGAVE FAMILY

Some taxonomists have split the Agavaceae into several additional families, including the [Dracaenaceae](#) (Cordylina, Dracaena & Sansevieria), the [Nolinaceae](#) (Beaucarnea, Calibanus, Dasyliroion & Nolina), and the [Xanthorrhoeaceae](#) (Xanthorrhoea).

According to [Plant Systematics: A Phylogenetic Approach](#) by Judd, et al. (2008), members of the Nolinaceae and Dracaenaceae are now included within the Ruscaceae. The latter family also includes Aspidistra (cast iron plant), Liriope (border grass) and Ophiopogon (mondo grass). Familiar genera such as Hyacinthus (hyacinth), Asphodelus (asphodel), Asparagus (asparagus), Allium (onion) and Iris (iris) belong to their own separate families, the Hyacinthaceae, Asphodelaceae, Asparagaceae, Alliaceae and Iridaceae. Amaryllis (amaryllis) still belongs to the Amaryllidaceae, but also includes many genera that were once included in the Liliaceae. The cormous genera Brodiaea (Brodiaea), Dichelostemma (blue dick) and Bloomeria (golden stars) are now in the family Themidaceae. The genus Aloe is now placed in the subfamily Aloioideae within the family Asphodelaceae. These drastic changes in plant classification described by Judd, et al. 2008 are based on chloroplast DNA (in part) and will be adopted by the new revised Jepson Flora of California.

From a purely morphological point of view, one of the most astonishing changes is the placement of members of the Nolinaceae and Dracaenaceae into the Ruscaceae. The type genus Ruscus includes a low-growing Eurasian shrub called butcher's broom (R. aculeata) that bears no resemblance to Nolina, Dracaena & Beaucarnea.

[See Flattened Leaf-like Branches \(Cladodes\) Of Ruscus](#)

2. Agave americana Century Plant (W. Mexico) **A/Y**

3. *A. attenuata* Agave (Mexico) [A/Y](#)
4. *A. bracteosa* (N.E. Mexico)
5. *A. desmettiana* & cultivar 'variegata' (E. Mexico)
6. *A. fernandi-regis* N.E. Mexico
7. *A. geminiflora* (Nayarit, Mexico)
8. *A. 'sharkskin'* (hybrid cultivar of *A. fernandi-regis*)
9. *A. schidigera* (Mexico)
10. *A. victoria-reginae* (Nuevo León & Coahuila, Mexico)
11. *A. vilmoriniana* (N.W. Mexico)
12. *A. weberi* (Mexico)
13. *Beaucarnea*: See Nolinaceae
14. *Calibanus*: See Nolinaceae
15. *Cordylina*: See Dracaenaceae
16. *Furcraea foetida?* (*F. gigantea*) Mauritius Hemp (Northern South America)
17. *F. selloa* False Agave (Central America)
18. *Yucca whipplei* Chaparral Yucca [CSS](#)
19. *Xanthorrhoea*: See Xanthorrhoeaceae

AMARANTHACEAE: AMARANTH FAMILY

20. *Amaranthus albus* Amaranth Tumbleweed
21. *Amaranthus retroflexus* Rough Pigweed

AMARYLLIDACEAE: AMARYLLIS FAMILY [*Liliaceae*]

22. *Dichelostemma pulchella* Wild Hyacinth [Now placed in the Themidaceae](#) [CSS](#)

ANACARDIACEAE: SUMAC FAMILY

23. *Harpephyllum caffrum* Kaffir Plum (S. Africa) [M-119](#)
24. *Malosma laurina* Laurel Sumac [M-38](#) [CSS](#)
25. *Rhus integrifolia* Lemonade Berry [CSS](#)
26. *R. lancea* (South Africa) [M-39](#)
27. *Schinus molle* Peruvian Pepper Tree (Andes of Peru)
28. *S. polygamus* Pepper Tree (W. South America) Top of Hill
29. *S. terebinthifolius* Brazilian Pepper Tree (Brazil)

APIACEAE: CARROT FAMILY

30. *Conium maculatum* Poison Hemlock

APOCYNACEAE: DOGBANE FAMILY

31. *Rauwolfia* (*Rauwolfia*) *caffra* *Rauwolfia* (S. Africa) [M-212](#) [H/S](#)
32. *Thevetia peruviana* Yellow Oleander (Trop. America) [M-189](#)
33. *Vinca major* Periwinkle

ARACEAE: ARUM FAMILY (Now includes the Lemnaceae)

34. *Acorus gramineus* Grassy-Leaved Sweet Flag (China, S.E. Asia)
35. *Philodendron selloum* Philodendron (S. Brazil)
36. *P. selloum* cv. 'xanadu' (Cv. originated in Australia) No aerial roots as in *P. selloum*
37. *Zantedeschia* sp. (*Z. aethiopica?*) Calla Lily (Africa)

ARALIACEAE: ARALIA FAMILY

38. *Cussonia spicata* Spiked Cabbage Tree (S. Africa) [M-157](#)
39. *Dizygotheca elegantissima* False Aralia (New Caledonia & Polynesia)
40. *Fatsia japonica* Japanese Aralia (Japan)
41. *Meryta sinclairii* Puka (New Zealand)
42. *Schefflera* (*Brassaia*) *actinophylla* Queensland Umbrella Tree (Australia) [M-127](#)
43. *Tupidanthus calypttratus* *Tupidanthus* (W. China & Thailand) [M-136](#) [H/S](#)

ARAUCARIACEAE: ARAUCARIA FAMILY [See Primitive Gardens: PG On Map](#)

44. *Agathis robusta* Dammar Pine (Australia) [M-133 H/S](#)
45. *Araucaria angustifolia* Brazilian Pine (S. Brazil) [M-76 PG](#)
46. [A. araucana](#) Monkey Puzzle Tree (Central Chile)
47. *A. bidwillii* Bunya-Bunya (Australia) [M-78 PG](#)
48. *A. cunninghamii* Hoop Pine (Australia) [M-42 PG](#)
49. *A. heterophylla* (*A. excelsa*) Norfolk Island Pine (Norfolk Is.) [M-80 SG](#)
50. *A. columnaris* Cook Pine (New Caledonia) May be hybrid with *A. heterophylla* [M-84 PG](#)
 Note: *A. excelsa* may apply (incorrectly) to both *A. columnaris* & *A. heterophylla*.

ARECACEAE: PALM FAMILY [See Palm Garden: PAL On Map](#)

51. [Acoelorrhaphe wrightii](#) Everglades Palm (Florida) [M-15 PAL](#)
52. *Archontophoenix alexandrae* Alexandra Palm (N. Queensland)
53. *A. cunninghamiana* King Palm (Australia) [M-22](#)
54. *Bismarckia nobilis* Bismark Palm (Madagascar) [Incl. silver form.]
55. *Brahea armata* Mexican Blue Palm (Baja California) [M-6](#)
56. *B. brandegeei* San Jose Hesper Palm (Baja California)
57. *B. edulis* Guadalupe Palm (Guadalupe Island) [M-10 PAL](#)
58. *B. elegans* (Mexico)
59. *B. nitida* (Mexico) [M-13](#)
60. *Butia capitata* Jelly Palm (S. America) [M-3](#)
61. *Caryota gigas* Giant Fishtail Palm (Thailand)
62. *C. urens* Fishtail Palm (S.E. Asia) [M-7 PAL](#)
63. *Chamaerops humilis* Mediterranean Fan Palm (Mediterranean) [PAL](#)
64. *C. humilis* var. *cerifera* Blue Mediterranean Fan Palm (Mediterranean)
65. *Copernicia alba* Carnadaya Wax Palm (S. America)
66. *Dypsis decipiens* Manambe Palm (Madagascar)
67. *D. lastelliana* Teddy Bear Palm (Madagascar) [PAL](#)
68. *Jubaea chilensis* Chilean Wine Palm (Chile) [See Chilean Wine Palm](#)
69. *Livistona australis* Cabbage Palm (E. Australia)
70. *L. chinensis* Fountain Palm (S. Japan) [M-8 PAL](#)
71. *L. decipiens* (Australia)
72. *L. drudei* (Australia)
73. *L. saribus* (syn. *L. hoogendorpii*) Taraw Palm (S.E. Asia) [PAL](#)
74. *Neodypsis decaryi* (*Dypsis decaryi*) Triangle Palm (Madagascar) [M-9 PAL](#)
75. *Parajubaea torallyi* Bolivian Mtn. Coconut (Bolivia, Ecuador) Grows at 3400 m in Andes!
76. *Phoenix canariensis* Canary Island Date Palm (Canary Islands) [PAL](#)
77. *P. hanceana* (*P. loureirii*) India & China: Similar in appearance to *P. roebelenii*
78. *P. reclinata* Senegal Date Palm (Tropical Africa)
79. *P. roebelenii* Pigmy Date Palm (S.E. Asia) [M-21 PAL](#)
80. *P. rupicola* (India)
81. *P. theophrasti* Cretan Date Palm (Greece & Turkey) Resembles *P. dactylifera* [PAL](#)
82. *P. zeylanica* Ceylon Date Palm (Sri Lanka)
83. *Raphia australis* (South Africa)
84. *Ravenea rivularis* Majesty Palm (Madagascar)
85. *Rhapis excelsa* Lady Palm (China)
86. *Rhopalostylis sapida* Shaving Brush Palm (Norfolk Islands & New Zealand)
87. *Sabal causiarum* Puerto Rican Hat Palm (Puerto Rico) [M-2 PAL](#)
88. *S. etonia* Scrub Palmetto (Florida)
89. *S. minor* Dwarf Palmetto
90. *S. palmetto* Cabbage Palm (Florida)?
91. *S. yapa*? *Sabal* (W. Cuba, Yucatan, Belize)
92. *Serenoa repens* Saw Palmetto (Florida) [PAL](#)
93. *Syagrus picophylla* (South America; Brazil)
94. *S. (Arecastrum) romanzoffiana* Queen Palm (S. Brazil to Argentina) [M-5 PAL](#)
95. *S. schizophylla* Arikury Palm (Brazil)
96. *Trachycarpus fortunei* Windmill Palm (Burma & China)
97. *Trithrinax acanthocoma* (Brazil) [M-4 PAL](#)
98. *Washingtonia robusta* Mexican Fan Palm
99. *Wodyetia bifurcata* Foxtail Palm (N.E. Australia)

ASCLEPIADACEAE: MILKWEED FAMILY

100. *Asclepias fruticosa* Milkweed (South Africa)

ASPLENIACEAE: SPLEENWORT FAMILY

101. *Asplenium bulbiferum* Mother Fern (New Zealand) [PG](#)

ASTERACEAE: SUNFLOWER FAMILY

102. *Acourtia microcephala* (*Perezia microcephala*) Purple Heads
103. *Artemisia californica* Coastal sagebrush
104. *Baccharis glutinosa* (*B. viminea*) Mule Fat

105. *B. pilularis* (ssp. *consanguinea*) Coyote Brush
106. *B. sarothroides*? Broom Baccharis (May occur in nearby hills).
107. *Chrysanthemoides monilifera* ssp. *monilifera* Boneseed or Tick Bush (Africa)
108. *Cynara cardunculus* Cardoon or Artichoke Thistle (Mediterranean)
109. *Encelia californica* California Bush Sunflower
110. *Encelia californica* X *E. farinosa* Hybrid Encelia
111. *Encelia farinosa* Desert Encelia (introduced in San Marcos)
112. *Eriophyllum confertiflorum* Golden Yarrow
113. *Hazardia squarrosa* ssp. *grindeloides* Sawtooth Goldenbush
114. *Montanoa bipinnatifida* Daisy Tree (Mexico) **M-150**
115. *Senecio petasitis* Velvet Groundsel (Mexico)

B [Back To The Alphabetical Index Table](#)

BERBERIDACEAE: BARBERRY FAMILY

116. *Berberis* (*Mahonia*) *aquifolium*) Hollyleaf Barberry (Oregon Grape) **NA**
117. *B. darwinii* Darwin's Barberry (S. Chile & SW Argentina) **PG**
118. *B. nevinii* Nevin's Barberry (California) **PG**
119. *B. thunbergii* Japanese Barberry (Japan) **PG**

BETULACEAE: BIRCH FAMILY

120. *Alnus rhombifolia* White Alder

BIGNONIACEAE: BIGNONIA FAMILY

121. *Chitalpa tashkentensis* Pink Dawn (*Chilopsis linearis* x *Catalpa bignonioides*) **M-213**
122. *Jacaranda mimosifolia* Jacaranda (Nw. Argentina)
123. *Tabebuia chrysotricha* Golden Trumpet Tree (Colombia & Brazil)
124. *T. impetiginosa* (*T. avellanadae* & *T. ipe*) Pink Trumpet Tree (S. America) **M-97, M-161 H/S**

BIXACEAE: ANNATTO FAMILY

125. *Bixa orellana* Achiote or Annatto (Tropical America)

BLECHNACEAE: DEER-FERN FAMILY

126. *Blechnum gibbum* 'Silver Lady' (New Caledonia) **PG**
127. *B. occidentale* Hammock Fern (Tropical America) **PG**
128. *B. spicant* Deer Fern (California) **PG**
129. *Woodwardia fimbriata* Giant Chain Fern (California) **PG**

BOMBACACEAE: BOMBAX FAMILY (Now placed in the Malvaceae)

130. *Ceiba acuminata* Silk Cotton Tree (South America) Related to kapok (*C. pentandra*).
131. *Chiranthodendron pentadactylon* Monkey Hand Tree (Mexico & Guatemala)
132. *Chorisia insignis* White Floss Silk Tree (Peru) **M-160**
133. *C. speciosa* Floss Silk Tree (Brazil) **M-205**
134. *Pseudobombax ellipticum* Saving Brush Tree (Mexico & Guatemala) **M-120**

BORAGINACEAE: BORAGE FAMILY

135. *Amsinckia menziesii* var. *intermedia* Yellow Fiddleneck
136. *Cordia* (*Ehretia*) *anacua* [syn. *E. elliptica*] Anaqua (S.E. Texas & Mexico) **M-105**
137. *Echium fastuosum* Pride of Madeira (Canary Is.)

BRASSICACEAE: MUSTARD FAMILY

138. *Hirschfeldia incana* (*Brassica geniculata*) Perennial Mustard
139. *Capsella bursa-pastoris* Shepherd's Purse

BROMELIACEAE: BROMELIA FAMILY

140. *Ananas comosus* Pineapple (Trop. America)
141. *Billbergia nutans* Friendship Plant (Brazil)

C [Back To The Alphabetical Index Table](#)

CACTACEAE: CACTUS FAMILY

- 142. *Opuntia ficus-indica* Indian Fig
- 143. *Opuntia littoralis* var. *littoralis* Coast Prickly-Pear

CANNACEAE: CANNA FAMILY

- 144. *Canna indica* Indian Shot (Caribbean & Trop. Amer.) See: [Indian Shot](#)

CAPRIFOLIACEAE: HONEYSUCKLE FAMILY

- 145. *Lonicera subspicata* Wild Honeysuckle

- 172. *C. macrocarpa* Monterey Cypress (Central Calif.) [PG](#)
- 173. *Juniperus scopulorum* Rocky Mountain Juniper (N. America) [M-164](#) SG
- 174. *J. scopulorum* 'Tolleson's Weeping' Tolleson's Blue Weeping Juniper (N. American cultivar)
- 175. *Thuja occidentalis* Arborvitae (E. U.S.) [M-103](#)
- 176. *T. orientalis* Oriental Arborvitae (China)

CUSCUTACEAE: DODDER FAMILY

- 177. *Cuscuta californica* California Dodder

CYCADACEAE: CYCAD (CYCAS) FAMILY

- 178. *Cycas revoluta* Sago Palm (S. Japan) [PG](#)
- 179. *Cycas thouarsii* (E. Africa & Madagascar) [PG](#)

CYATHEACEAE: TREE FERN FAMILY

- 180. *Cyathea* (*Sphaeropteris*) *cooperi* Australian Tree Fern (Australia) PG
- 181. *Dicksonia antarctica* Tasmanian Tree Fern (Tasmania) PG

D [Back To The Alphabetical Index Table](#)

DENNSTAEDTIACEAE: BRACKEN FAMILY

- 182. *Microlepia strigosa* Lace Fern (Polynesia, Hawaii) PG

DRACAENACEAE: DRACAENA FAMILY (Incl. SANSEVIERIACEAE)

- 183. *Cordyline australis* Giant Dracaena (New Zealand) SG
- 184. *C. australis* var. "red star"
- 185. *C. indivisa* Blue Dracaena (New Zealand)
- 186. *C. stricta* = *Dracaena stricta* (E. Australia)
- 187. *Dracaena draco* Dragon Tree (Canary Islands) M-45 SG
- 188. *D. marginata* Madagascar Dragon Tree (Madagascar)

DRYOPTERIDACEAE: SWORD FERN FAMILY

- 189. *Athyrium nipponicum* Japanese Painted Fern (Japan) PG
- 190. *Cytomium falcatum* 'Rochfordianum' Holly Fern (Japan) PG
- 191. *Nephrolepis cordifolia* Tuberous Sword Fern (Australia) PG
- 192. *N. exaltata* Boston Fern (Florida & West Indies) PG
- 193. *Polystichum polyblepharum* Japanese Tassel Fern (Japan) PG

E [Back To The Alphabetical Index Table](#)

ELAEOCARPACEAE: ELAEOCARPUS FAMILY

- 194. *Elaeocarpus decipiens?* Japanese Blueberry Tree (Japan)

EQUISETACEAE: EQUISETUM FAMILY

- 195. *Equisetum hyemale* Common Scouring Rush (North America) PG
- 196. *E. scirpoides* Dwarf Scouring Rush (North America) PG

ERICACEAE: HEATH FAMILY

- 197. *Arbutus glandulosa* cv. 'marina' White Madrone (Central Mexico) M-217 H/S
- 198. *A. unedo* Strawberry Tree (Northern Europe) M-25 H/S
- 199. *Erica baurii* Heather PG
- 200. *E. canaliculata* Christmas Heather (S. Africa) Heather PG
- 201. *E. x darleyensis* Heather PG
- 202. *E. verticillata* Heather S. Africa PG
- 203. *Xylococcus bicolor* Mission Manzanita CSS

EUPHORBIACEAE: EUPHORBIA FAMILY

- 204. *Aleurites fordii* Tung Oil Tree (China) M-91 H/S
- 205. *Bischofia javanica* (B. trifoliata) Toog (Asia) M-112, M-144 H/S
- 206. *Chamaesyce polycarpa* var. *polycarpa* Sand Mat (native perennial) CSS
- 207. *Euphorbia lathyris* Gopher Plant (Europe)
- 208. *E. peplus* Petty Spurge (Europe)
- 209. *Homalanthus populifolius* Queensland Poplar (Australia) M-125 H/S
- 210. *Ricinus communis* Castor Bean (Trop. Africa)

F [Back To The Alphabetical Index Table](#)

FABACEAE: PEA FAMILY [See Australian Garden: AG On Map](#)

- 211. *Acacia aneura* Mulga (Australia) M-141 AG
- 212. *A. auriculiformis* Ear-Leaf or Ear-Pod Wattle (N. Australia)
- 213. *A. baileyana* Bailey Acacia (S.E. Australia) AG
- 214. *A. cultriformis* Knife-Leaf Acacia (E. Australia) AG
- 215. *A. decurrens* Silver Wattle (E. Australia) AG
- 216. *A. farnesiana* Sweet Acacia (S. U.S., Mexico & Trop. America) PAL

217. *A. latifolia* (N.E. Australia) [AG](#)
 218. *A. melanoxylon* Blackwood Acacia (S. Australia & Tasmania) [AG](#)
 219. *A. pendula* Weeping Acacia (Australia) [M-135](#) [AG](#)
 220. *A. podalyriifolia* Queensland Silver Wattle (Australia) [AG](#)
 221. *A. saligna* Willow Acacia (W. Australia) [AG](#)
 222. *A. subporosa* River Wattle (Australia) [AG](#)
 223. *A. xanthophloea* Fever Tree (South Africa) [AG](#)
 224. *Acrocarpus fraxinifolius* Shingle Tree (India & Burma)
 225. *Albizia distachya* Plume Albizia (Australia)
 226. *Bauhinia forficata* White Orchid Tree (Brazil) [M-110](#) [PAL](#)

- 342. *Michelia champaca* Fragrant Champaca (Himalayas--source of champaca oil used in perfume) [PG](#)

MALVACEAE: MALLOW FAMILY (Now includes Bombacaceae, Sterculiaceae & Tiliaceae)

- 343. *Arbuton megapotamicum* Trailing Arbuton (Brazil)
- 344. *A. pictum* Redvein Arbuton (Brazil)
- 345. *Gossypium barbadense* Sea Island Cotton (S. America)? [M-169](#)
- 346. *Hibiscus mutabilis* Cotton Rose (China) [AG](#)
- 347. *H. syriacus* Rose of Althea (Asia) Nat. Flower of South Korea
- 348. *H. taiwanensis* (Taiwan)
- 349. *Lagunaria patersonii* Cow Itch Tree (Norfolk Island & Australia)
- 350. *Malacothamnus fasciculatus* ssp. *fasciculatus* Bush Mallow
- 351. *Malva parviflora* Cheeseweed
- 352. *Malvaviscus arboreus* Turk's Cap (Southern U.S. to S. America)
- 353. *Phymosia umbellata* (Mexico)

MARANTACEAE: ARROWROOT FAMILY

- 354. *Ctenanthe lubbersiana* (Brazil)

MELASTOMATACEAE: MELASTOMA FAMILY

- 355. *Tibouchina urvilleana* Princess Flower (Brazil) [M-126](#)

MENISPERMACEAE: MOONSEED FAMILY

356. *Cocculus laurifolius* Moonseed (Himalayas) [M-115 PAL](#)

MORACEAE: MULBERRY FAMILY [See Australian Garden: AG On Map](#)

357. *Broussonetia papyrifera* Paper Mulberry (China) [M-20 PAL](#)
 358. *Ficus altissima* Council Tree (Malay Archipelago & Philippines)
 359. *F. auriculata* (*F. roxburghii*) Roxburgh Fig (Himalayas) [M-85 BAM](#)
 360. *F. barteri* Banana Fig (Uganda & N. Zambia) [AG](#)
 361. *F. bengalensis* 'variegata' Indian Banyan (India, Pakistan) [AG](#)
 362. *F. benjamina* Benjamin Fig (India & Malaysia) [M-26](#)
 363. *F. binnendijkii* 'alii' Narrowleaf Fig (Java, Philippines; Narrow, drooping leaves.)
 364. *F. coronata* Sandpaper Fig (Queensland, Aust.) [AG](#)
 365. *F. elastica* India Rubber Tree (Nepal to Assam & Burma)
 366. *F. macrophylla* Moreton Bay Fig (Australia) [M-34 AG](#)
 367. *F. mysorensis* Mysore Fig (Southern India) [M-87, M-167, M-199 AG](#)
 368. *F. natalensis* Natal Fig (Tropical Africa)
 369. *F. nekbudu* Zulu Fig (Tropical Africa) [AG](#)
 370. *F. palmeri* Palmer Fig (Endemic to Baja California) [AG](#)
 371. *F. petiolaris* (Mexico); Closely related to *F. palmeri*. [AG](#)
 372. *F. pumila* Creeping Fig (E. Asia: Japan to N. Vietnam)
 373. *F. religiosa* Bo Tree (India, S.E. Asia) [AG](#)
 374. *F. rubiginosa* Rustyleaf Fig (Australia) [AG](#)
 375. *F. superba* (incl. ssp. *henniana*) Sea Fig (Coastal Queensland to Northern Territory) [AG](#)
 376. *F. sycomorus* Sycamore Fig [AG](#)
 377. *F. virens* Spotted Fig (New South Wales, Aust.) [PAL](#)

MYRTACEAE: MYRTLE FAMILY [See Australian Garden: AG On Map](#)

378. *Agonis flexuosa* Peppermint Tree (Australia) [M-27, M-51](#)
 379. *Angophora costata* Gum Myrtle (Australia) [M-214](#)
 380. *A. melanoxylon* Gum Myrtle (Australia) [M-139](#) Top of Hill
 381. *A. subvelutina* Gum Myrtle (Australia) [M-55](#)
 382. *Callistemon citrinus* 'Jeffersii' Lemon Bottlebrush (Australia) [M-24](#)
 383. *C. pinifolius* Pine-leaf Bottlebrush (Australia) [AG](#)
 384. *C. viminalis* Weeping Bottlebrush (Australia) [M-56](#)
 385. *Calothamnus quadrifidus* (cf. *C. validus*) One-Sided Bottlebrush (SW Australia) [AG](#)
 386. *Darwinia citriodora* Scent Myrtle (S.W. Australia) Genus commemorates Erasmus Darwin. [AG](#)
 387. *Eucalyptus botryoides* (N. South Wales) Fibrous, persist. bark; upper rd near *E. cinerea* [AG](#)
 388. *E. caesia* (Australia) [M-143, M-168 AG](#)
 389. *E. camaldulensis* Red Gum (Australia) Top of Arboretum Hill, reproduces by seedlings [AG](#)
 390. *E. cinerea* Silver Dollar Tree (New S. Wales) Juvenile lvs; axillary 3-fruit; upper road [M-204 AG](#)
 391. *E. citriodora* Lemon-Scented Gum (Australia) Just below top of hill; produces seedlings [AG](#)
 392. *E. deglupta* Mindanao Gum (Mindanao, Philippines) [AG](#)
 393. *E. erythrocorys* Red-Cap Gum (Australia) Just below top of hill [AG](#)
 394. *E. gunnii* Cider Gum (Australia) [M-202 AG](#)
 395. *E. kruseana* Kruse's Mallee (W. Australia) [M-201 AG](#)
 396. *E. lehmannii* Bushy Yate (Australia) [M-123 AG](#)
 397. *E. leucoxyloides* 'rosea' White Ironbark (Australia) [AG](#)
 398. *E. nicholii* Nichol's Willowleaf Gum (Australia) [AG](#)
 399. *E. perriniana* Roundleaf Snow Gum (New S. Wales & Tasmania) [M-203 AG](#)
 400. *E. polyanthemos* Silver Dollar Gum (Australia) [AG](#)
 401. *E. pulverulenta* Silver Mtn Gum (New South Wales) Shrub w/ juvenile lvs; along upper road. [AG](#)
 402. *E. sideroxyloides* Red Ironbark (Australia) [AG](#)
 403. *E. spathulata* Swamp Mallee (Australia) [M-196](#) Top of Hill [AG](#)
 404. *Eugenia* (*Syzygium*) jambos Malabar Plum (S.E. Asia) [AG](#)
 405. *E. (Syzygium) uniflora* Surinam Cherry (S. America) [AG](#)
 406. *Feijoa sellowiana* Pineapple Guava (South America)
 407. *Kunzea sericea* Kunzea (W. Australia) [M-131 AG](#)
 408. *Melaleuca alternifolia* Bottle Brush (New South Wales) [AG](#)
 409. *M. elliptica* Bottle Brush (Australia) [M-54 AG](#)
 410. *M. ericifolia* Swamp Paperbark (Australia) [M-53](#)
 411. *M. incana* Melaleuca (W. Australia) [AG](#)
 412. *M. linariifolia* Melaleuca (S. Australia) [AG](#)
 413. *M. nematophylla* (Australia) [AG](#)
 414. *M. styphelioides* Prickly Paperbark (Australia) [AG](#)
 415. *Psidium guajava* Guava (Tropical America) [M-111](#)
 416. *Syncarpia hillii* Satinay (An Australian Timber Tree) [AG](#)
 417. *Tristanopsis laurina* Water Gum (S.E. Australia) [AG](#)

N [Back To The Alphabetical Index Table](#)

NOLINACEAE: NOLINA FAMILY

- 418. *Beaucarnia recurvata* Elephant-Foot Tree (Mexico)
- 419. *B. stricta* Bottle Ponytail (Mexico) [M-180](#)
- 420. *Calibanus hookeri* (Mexico)
- 421. *Dasyliirion leiophyllum?* Bear Grass (S.W. U.S. & Mexico) [M-116](#)

 480. *B. vulgaris* cv 'wamin' Calcutta Cane or Wamin Bamboo (Cultivar)
 481. *Bromus diandrus* Rippgut Brome
 482. *B. rubens* Foxtail Chess or Red Brome
 483. *Chusquea pittieri* Mountain Bamboo (Central America) [BAM](#)
 484. *Cynodon dactylon* Bermuda Grass
 485. *Dendrocalamus asper* Giant Bamboo (S.E. Asia) [M-82](#) [BAM](#)
 486. *Digitaria sanguinalis* Crab Grass
 487. *Gigantochloa atroviolacea* Java Black Bamboo (Java, Timor) [BAM](#)
 488. *Melica impefecta* Melic Grass
 489. *Muhlenbergia microsperma* Littleseed Muhly
 490. *Otatea acuminata* ssp. *aztecorum* Mexican Weeping Bamboo (Mexico)
 491. *O. glauca* Mayan Silver Bamboo (Mexico)
 492. *Pennisetum setaceum* Fountain Grass
 493. *Phyllostachys aurea* Golden Bamboo (China) [M-177](#) [BAM](#)
 494. *P. aureosulcata* Yellow-Groove Bamboo (China) [M-185](#) [BAM](#)
 495. *P. flexuosa* Bamboo (China) [M-172](#)
 496. *P. nigra* Black Bamboo (China) [M-184](#) [BAM](#)
 497. *P. nigra* 'henon' Black Bamboo (China) [M-176](#)
 498. *Pseudosasa japonica* Arrow Bamboo (Japan) [M-182](#) [BAM](#)
 499. *Rhynchelytrum roseum* Natal Grass
 500. *Setaria palmifolia* (S. *palmata*) Palm Grass (India)
 501. *Semiarundinaria fastuosa* Narihira Bamboo (Japan) [M-175](#)
 502. [Thysanolaena maxima](#) Tiger Grass (Asia) [See Image](#) [BAM](#)

PODOCARPACEAE: PODOCARPUS FAMILY

503. *Phyllocladus trichomanoides* Tanekaha (New Zealand) [PG](#)
 504. *Podocarpus dawei* = *P. usambarensis* var. *dawei* (Tropical East Africa)
 505. *P. elongatus* African Yellow-Wood (Africa)
 506. *P. gracilior* African Fern Pine (Africa)
 507. *P. henkelii* Long-Leaved Yellow-Wood (Africa)
 508. *P. latifolius* Blue Podocarpus (S. Africa)
 509. *P. macrophyllus* Japanese Yew (Japan)
 510. *P. macrophyllus* cv. 'maki' Shrubby Yew (China)

POLEMONIACEAE: PHLOX FAMILY

511. *Navarretia hamata* Navarretia [CSS](#)

POLYGONACEAE: BUCKWHEAT FAMILY

- 512. *Eriogonum fasciculatum* ssp. *foliolosum* Wild Buckwheat [CSS](#)
- 513. *Homalocladium platycladum* Centepede Plant or Ribbon Bush (Solomon Islands) [PG](#)

POLYPODIACEAE: POLYPODY FAMILY

- 514. *Polypodium vulgare* Polypody Fern (Europe & N. America) [PG](#)
- 515. *P. californicum* California Polypody (California) [CSS](#)

PORTULACACEAE: PORTULACA FAMILY

- 516. *Calandrinia ciliata* var. *menziesii* Red Maids
- 517. *Claytonia perfoliata* ssp. *perfoliata* Miner's Lettuce
- 518. *Portulaca oleracea* Common Purslane
- 519. *Portulacaria afra* Elephant Plant (South Africa)

PRIMULACEAE: PRIMROSE FAMILY

- 520. *Anagallis arvensis* Pimpernel

PROTEACEAE: PROTEA FAMILY [See Australian Garden: AG On Map](#)

- 521. *Banksia integrifolia* Banksia (New South Wales) [PG](#)
- 522. *B. media* Banksia (Australia) [PG](#)
- 523. *Grevillea hilliana* (Australia & New S. Wales) [M-132](#) [BAM](#)
- 524. *G. robusta* Silk Oak (Australia) [AG](#)
- 525. *G. thelemanniana* Hummingbird Bush (Australia) [M-187](#) [PAL](#)
- 526. *Hakea* sp. [Fire-adapted Australian shrubs with serotinous seed capsules.]
- 527. *Isopogon anemonifolius* Cone Flower (New S. Wales) [AG](#)
- 528. *I. formosus* Rose Cone Flower (Australia)
- 529. *Leucospermum reflexum* (var. *luteum*) South Africa [Planted on main campus.]
- 530. *Macadamia integrifolia* Queensland Nut (Australia) [M-32](#) [AG](#)
- 531. *Stenocarpus sinuatus* Firewheel Tree (Australia) [M-134](#)

PTERIDACEAE: BRACKEN FERN FAMILY

- 532. *Pellaea mucronata* Bird's Foot Fern (California) [CSS](#)
- 533. *P. rotundifolia* Button Fern (New Zealand) [PG](#)
- 534. *Pentagramma triangularis* var. *viscosa* Silverback Fern (California) [CSS](#)

Q [Back To The Alphabetical Index Table](#)

No Families Starting With Q On This List

R [Back To The Alphabetical Index Table](#)

RANUNCULACEAE: BUTTERCUP FAMILY

- 535. *Delphinium cardinale* Scarlet Larkspur [CSS](#)

RECEDACEAE: MIGNONETTE FAMILY

- 536. *Reseda odorata* Common Mignonette

RESTIONACEAE: RESTIO FAMILY

- 537. *Elegia capensis* Broom Reed (South Africa) [BAM](#)
- 538. *Restio multiflorus* (S. Africa) [PG](#)
- 539. *R. tetraphyllus* (Australia) [PG](#)
- 540. *Rhodocoma foliosa* (South Africa) [PG](#)

RHAMNACEAE: BUCKTHORN FAMILY

- 541. *Ceanothus thyrsiflorus* (var. *griseus*) Calif. Lilac or Blue Blossom (Calif.)
- 542. *Rhamnus crocea* Buckthorn [CSS](#)
- 543. [Ziziphus jujuba](#) Common Jujube (S. Europe to China) [M-81](#)

ROSACEAE: ROSE FAMILY

- 544. *Heteromeles arbutifolia* Toyon (California) [CSS](#)
- 545. *Lyonothamnus floribundus* ssp. *asplenifolius* Santa Cruz Is. Ironwood [M-31](#)
- 546. *Malus floribunda* Flowering Crabapple (Japan) [M-65](#)
- 547. *Malus* species? Crabapple [M-59](#)

- 548. *Prunus caroliniana* Carolina Cherry (S.E. U.S.) [M-66](#)
- 549. *P. ilicifolia* Hollyleaf Cherry (California) [M-158](#)
- 550. *P. lyonii* Catalina Cherry (Catalina Is.) [M-159](#)
- 551. *Raphiolepis indica* Indian Hawthorne (S. China) [M-109](#)

RUBIACEAE: MADDER FAMILY

- 552. *Galium aparine* Bedstraw
- 553. *Galium nuttallii* Climbing Bedstraw [CSS](#)

RUSCACEAE: BUTCHER'S BROOM FAMILY

- 554. *Ruscus aculeatus* Butcher's Broom (Azores, W. Europe to Iran)

RUTACEAE: RUE FAMILY

- 555. *Calodendron capense* Cape Chestnut (South Africa) [M-101](#)
- 556. [Casimiroa edulis](#) White Sapote (Mexico) [M-155](#)
- 557. *Cneoridium dumosum* Bush Rue (California) [CSS](#)
- 558. *Fortunella margarita* Kumquat (Tropical Asia) Hybrid with lime called limequat.
- 559. *Geijera parviflora* Australian Willow (Australia)--Deceased as of 28 Nov. 07 [M-18](#)

S [Back To The Alphabetical Index Table](#)

SALICACEAE: Willow FAMILY [See Riparian Garden: RIP On Map](#)

- 560. *Populus fremontii* Fremont Cottonwood (California) [RIP](#)
- 561. *S. laevigata?* Red Willow (California) [RIP](#)
- 562. *Salix lasiolepis* Arroyo Willow (California) [RIP](#)

SAPINDACEAE: SOAPBERRY FAMILY

- 563. *Alectryon excelsus* (New Zealand)
- 564. *Dodonea viscosa* Hopseed Bush (Ariz. to S. America)
- 565. *Harpullia arborea* Harpullia (India & Malay Peninsula)
- 566. *Koelreuteria bipinnata* Golden-Rain Tree (S.W. China)
- 567. *K. paniculata* Golden-Rain Tree (China) [M-153](#)
- 568. *Sapindus saponaria* Soapberry (Hawaii, Mexico, Central & S. America) [PAL](#)
- 569. *Ugnadia speciosa* Texas Buckeye (Texas)

SAXIFRAGACEAE: SAXIFRAGE FAMILY

- 570. *Deutzia scabra* Deutzia (Japan) [M-113](#)
- 571. *Jepsonia parryi* Coastal Jepsonia

SCROPHULARIACEAE: SNAPDRAGON FAMILY

Note: Computer generated monophyletic clades based on chloroplast DNA have resulted in drastic changes to the Scrophulariaceae. *Plantago*, *Penstemon*, *Veronica*, *Linaria*, *Antirrhinum*, *Keckiella*, & *Digitalis* are now placed in the *Plantaginaceae*. *Mimulus* with its thigmotrophic stigma is placed in the *Phrymaceae*. Traditional genera retained in the *Scrophulariaceae* include *Verbascum* and *Scrophularia*. Other genera placed in the *Scrophulariaceae* include *Buddleja* and *Myoporum*. Indian paintbrush (*Castilleja*), Indian warrior (*Pedicularis*), and owl's clover (*Orthocarpus*) are placed in the parasitic family *Orobanchaceae* with the broomrapes (*Orobanche*). Other closely-related families representing separate clades are the *Paulowniaceae*, *Lentibulariaceae*, *Acanthaceae* and *Bignoniaceae*.

[Monophyletic Taxonomic Groupings](#)

- 572. *Mimulus puniceus* Red Bush Monkeyflower (Syn. *M. aurantiacus*) [CSS](#)
- 573. *Scrophularia californica* ssp. *californica* California Figwort [CSS](#)

SELAGINELLACEAE: CLUB-MOSS FAMILY

- 574. *Selaginella bigelovii* Club Moss [CSS](#)

SOLANACEAE: NIGHTSHADE FAMILY

- 575. *Datura metel* cv. 'cornucopaea' Horn-of-Plenty (S.W. China)
- 576. *D. wrightii* Jimsonweed (Native to S.W. United States)
- 577. *Nicotiana glauca* Wild Tobacco
- 578. *Solanum douglasii* White Nightshade [CSS](#)
- 579. *S. parishii* Purple Nightshade [CSS](#)

STERCULIACEAE: CHOCOLATE FAMILY (Now placed in the Malvaceae)

- 580. *Brachychiton acerifolius* Flame Tree (Australia) [M-94](#) [ART](#)
- 581. *B. bidwillii* Little Kurrajong (Queensland, Australia)
- 582. *B. discolor* Pink Flame Tree (Australia) [M-96](#) [ART](#)
- 583. *B. populneus* Bottle Tree (Australia)
- 584. *B. rupestris* Bottle Tree (Australia) [M-95](#) [ART](#)
- 585. *B. species?* Bottle Tree (Australia) [M-29](#)
- 586. *Firmiana simplex* Chines Parasol Tree (S.E. Asia) [M-99](#) [SG](#)
- 587. *Dombeya autumnalis* Autumn Dombeya (S. Africa)
- 588. *D. cacuminum* Strawberry Snowball Tree (Madagascar) [M-206](#) [ART](#)
- 589. *D. x cayeuxii* Pink Ball (Hybrid)
- 590. *D. spectabilis* African Pear (S. Africa) [White flowers like those of pear.]
- 591. *D. wallichii* Pink Ball (E. Africa & Madagascar)
- 592. *Fremontodendron mexicanum* Flannel Bush

STRELITZIACEAE: CRANE FLOWER FAMILY

- 593. *Strelitzia nicholai* Giant Bird of Paradise (S. Africa) [M-46](#) [SG](#)

T [Back To The Alphabetical Index Table](#)

TAMARICACEAE: TAMARISK FAMILY

- 594. *Tamarix parviflora* Tamarisk (E. Europe)

TAXODIACEAE: TAXODIUM FAMILY [Now Placed In The Cupressaceae](#)

- 595. *Cunninghamia lanceolata* Chinese Fir (China) [M-140](#)
- 596. *Metasequoia glyptostroboides* Dawn Redwood (Central China) [M-83](#) [PG](#)
- 597. *Sequoia sempervirens* Coast Redwood (Pacific Coast) [M-73](#)
- 598. *Taxodium distichum* Bald Cypress (S.E. U.S.) [M-70](#)
- 599. *T. mucronatum* Montezuma Bald Cypress (Mexico) [M-35](#) [PG](#)

TILIACEAE: LINDEN FAMILY (Now placed in the Malvaceae)

- 600. *Sparmannia africana* African Hemp (S. Africa)
- 601. *Tilia americana* American Basswood (E. U.S.) [M-93](#), [M-98](#) [ART](#)

U [Back To The Alphabetical Index Table](#)

ULMACEAE: ELM FAMILY

- 602. *Celtis australis* Mediterranean Hackberry (Mediterranean) [M-146](#) [SG](#)

URTICACEAE: NETTLE FAMILY

- 603. *Urtica urens* Annual Nettle

V [Back To The Alphabetical Index Table](#)

VALERIANACEAE: VALERIAN FAMILY

- 604. *Centranthus ruber* Red Valerian

VERBENACEAE: VERBENA FAMILY

- 605. *Verbena lasiostachys* Verbena
- 606. *Verbena menthaefolia* Mint-leaf Verbena
- 607. *Vitex agnus-castus* Chaste Tree (S. Europe)

VISCACEAE: MISTLETOE FAMILY

- 608. *Phoradendron villosum* Oak Mistletoe

W [Back To The Alphabetical Index Table](#)

No Families Starting With W On This List

X [Back To The Alphabetical Index Table](#)

XANTHORRHOEACEAE: XANTHORRHOEA FAMILY

- 609. Xanthorrhoea preissii Grass Tree (Australia) [M-118 BAM](#)
- 610. X. quadrangulata Grass Tree (Australia) [M-117 BAM](#)

Y [Back To The Alphabetical Index Table](#)

No Families Starting With Y On This List

Z [Back To The Alphabetical Index Table](#)

ZAMIACEAE: ZAMIA FAMILY

- 611. Ceratozamia robusta (Bamboo Cycad (Mexico) [PG](#)
- 612. Dioon edule (Mexico) [PG](#)
- 613. D. spinulosum (Mexico) [PG](#)
- 614. Macrozamia miquelii (Australia) [PG](#)
- 615. M. montana (New South Wales) [PG](#)
- 616. Zamia furfuracea [PG](#)

ZINGIBERACEAE: GINGER FAMILY

- 617. Alpinia zerumbet Shell Ginger (E. Asia)
- 618. A. zerumbet cultivar 'variegata'
- 619. Hedychium sp. Ginger
- 620. Heliconia sp.
- 621. Renealmia exalata Zingiber (Tropical America)

ZYGOPHYLLACEAE: CALTROP FAMILY

- 622. Tribulus terrestris Puncture Vine (a noxious weed)

SOIL LICHENS:

- 1. Cladonia chlorophaea [Gray-green lichen with podetia](#)
- 2. Diploschistes scruposus [Grayish white lichen](#)

BARK LICHENS:

- 3. Candelaria concolor [Lemon-yellow lichen on shrubs](#)
- 4. Flavoparmelia caperata [Gray foliose lichen on shrubs](#)
- 5. Flavopunctelia flaventior Greenish foliose lichen

ROCK LICHENS

- 6. Acarospora bullata [Brown rock lichen](#)
- 7. Acarospora socialis (A. schleicheri) [Yellow rock lichen](#)
- 8. Buellia pullata [See Identification of Buellia pullata](#)
- 9. Caloplaca bolacina [Orange rock lichen](#)
- 10. Dimelaena radiata [Gray rock lichen](#)
- 11. Verrucaria nigrescens [Pyrenocarous black rock lichen](#)
- 12. Xanthoparmelia cumberlandia [Foliose rock lichen](#)
- 13. Xanthoparmelia mexicana [Foliose rock lichen](#)

THE UNUSUAL BIRD'S NEST FUNGUS

FUNGI

- 14. Calvatea gigantea [Giant Puffball](#)
- 15. Cyathus olla [Bird's Nest Fungus](#)
- 16. Geastrum sp. [Earth Star](#)
- 17. Lysurus cruciatus [Lizard's Claw Stinkhorn](#)
- 18. Tulostoma brumale "group" (cf. T. berterioanum) [Stalked Puffball](#)
